

Title: A Shot Autobiography of Gerami -G

Author: Gerami, the Player

---

I came into this world  
wanting to be someone  
who could make a  
difference, someone  
important, someone  
cool. So far, I have  
accomplished none of  
those goals, but with  
my new career choice  
chosen as an author, I  
hope to become the  
next Voltaire, or  
perhaps just a  
Tolkien. My early  
works are mostly  
informative and  
canned, but I intend to  
keep a log of my  
adventures for all  
who wish to read.  
They will be kept  
here for safekeeping.  
As for now, the  
Lycaeum is my home,  
seeing as how I  
probably won't ever  
get back to Minoc or  
Britain. Why would I  
want to? Moonglow  
has everything to  
offer me, being of the  
Alchemist persuasion.  
I will probably add  
more to this book as  
my life here  
lengthens, and if  
anyone knows how to  
lock a book so nobody  
else can edit it, can  
you please tell me? Or  
at least write it on the  
following pages. If  
I am not here peddling,  
you will  
probably find  
me in town or  
elsewhere on an  
adventure soon

to be written

(Happy Adventuring)
